Industry Leader Development Program

The Victorian TAFE Association and the International Specialised Skills Institute (ISSI) are pleased to launch an exciting and comprehensive program of events for TAFE and VET sector practitioners on strategies and perspectives to advance Victorian VET. The program is proudly supported by the ISSI's Incoming Industry Leader Program.

This workshop is one of many that will be delivered between 23 April and 4 May. Visit the [VTA website](#) for further information.

About the facilitator

José Luis Fernandez Maure is the Head of the International Department at TKNIKA and leader of the Applied Research and Innovation Affinity Group of the World Federation of Colleges and Polytechnics. He is an International Specilaised Skills Institute 2018 Fellow .

TKNIKA, one of Europe's leading VET promotional organisations, is an institute of innovation created by the Basque Ministry of Education. Its mission is to place Basque Vocational Training at the European forefront by developing innovative projects in the areas of technology, education and management. A core part of its activities is to make research and applied innovation fundamental elements of Vocational Education and Training in the Basque country.

As head of the International Department, Jose Luis leads strategies to develop and manage international innovation and mobility. He also heads the Vocational Education and Training International Basque Campus (VETIBAC), which is tasked with aiding Basque companies abroad to provide training to improve professional and personal competences.

José Luis has been a speaker at international conferences in the USA, Turkey, Canada, China, Qatar, Tunisia, Brussels, Slovenia and the Arab Emirates. He is a member of the European Executive Committee of the Transatlantic Technology and Training Alliance international network, President of Association of Professionals of Creativity and is a former Coordinator of TKNIKA UNESCO-UNEVOC centre in the Basque Country.

About the workshop

This workshop is designed to help vocational education and training sector leaders and practitioners improve their understanding and implementation of education for sustainable development (ESD) .

The workshop will outline a whole-of institution approach that participants can use to 'green' their institutions. It will also look at successful applied research and innovation strategies that bring together training providers, businesses and others to 'green' and achieve sustainable outcomes for industries and the wider-economy.

The workshop will provide 'real-world' example through case-studies from three industry sectors, including :

- i. Sustainable Argi-Food and the Natural and Ocean Environment
- ii. Smart Building and Sustainable Construction
- iii. Environmental Health and Sustainable Bioscience

Who should attend?

The workshop is open to TAFE leaders, policy makers and practitioners.
