# Significantly increase your student completion rates
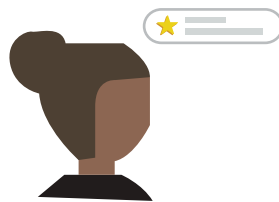

Loop's student feedback platform was developed to increase student completion rates by focusing on what really drives them

ACTIVATE STUDENT VOICE

"I find Loop useful. Much better then taking time out of the class to do it. I can respond in whatever time that's useful to me"
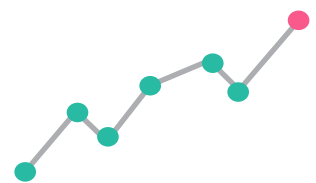

– Loop student

MORE EFFECTIVE TEACHERS

"Loop helps students communicate how they can become more engaged in class"

– Loop teacher

REAL-TIME ORGANISATIONAL DATA

TAFEs can receive direct feedback from their students in an instant

Response rates up to 11x higher than traditional surveys
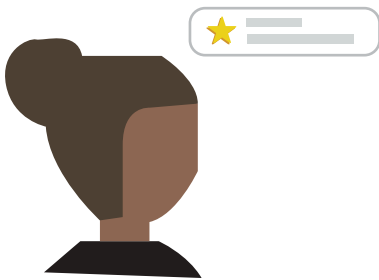

Loop engages students

Students shape their learning environment by providing targeted feedback to their teachers

Anonymous feedback means students can articulate pressing concerns without identification - feedback your teachers wouldn't otherwise receive

Loop's mobile solution delivers response rates of more than 11x higher than traditional surveys

Loop improves teacher effectiveness

Teachers gather private streams of student feedback to understand what parts of the curriculum are sticking and what's not

Teachers can respond directly to feedback, even when received anonymously
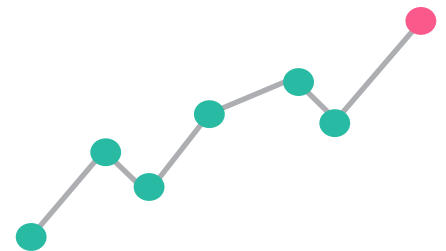

Loop supports teachers through a catalogue of questions for them to ask, ensuring they're getting the right feedback at the right time

Loop generates timely and useful data

Using generalised and anonymised statistics, Loop enables Institutions to understand the impact of strategic initiatives from day one

Loop data is available instantly so the right people get the right data at the right time - stop waiting months or longer to access survey results

Get a system-wide view of how you're tracking with student engagement and satisfaction

Loop is used by Australia's leading TAFEs and universities
