

The VET Development Centre (VDC) specialises in providing continuing professional learning for the Australian VET Sector, with a particular focus on trainers and educators. The VDC designs and delivers a diverse range of VET PD in the form of webinars, workshops, and seminars as well as customised training consultancy for training providers. The VDC is based in the heart of the Melbourne CBD with newly fitted training facilities that are also available for hire to external clients.

Professional Development

The VDC Professional Development (PD) Program provides an extensive range of non-formal training for the VET workforce through highly engaging and interactive national webinars, half and full day workshops and special events such as VET Thought Leadership Seminars, conferences and other functions.

Visit <https://vdc.edu.au/professional-development/> for further information and bookings.

Customised PD Solutions

We can design a Professional Development Program that meets your workforce development needs. We deliver customised programs that can be delivered in house for all VET providers.

Our highly experienced consultants will work with you to design a program that identifies your organisation's workforce development needs and is delivered at a time and place that is convenient to your organisation.

VDC News

VDC News is a popular fortnightly web based newsletter that provides a snapshot of the latest policy and events relevant to the VET workforce as well as updates of VDC activities and funding opportunities.

Funded Opportunities

The Victorian Department of Education and Training (DET) engages the VDC to administer a range of funding initiatives aimed at building VET workforce capacity within organisations funded through Skills First. See our website for current funded PD programs

Facility Hire

The VET Development Centre is situated in a prime central location with an abundance of light and spectacular views of Melbourne City. Our multifaceted spaces all include wireless internet, ceiling mounted data projectors, hearing loops and quality sound systems with microphones and lecterns. Our rooms also have teleconferencing and video conferencing capabilities along with complementary flip charts and electronic whiteboards at your request.

Social Media
