Ground floor restaurant

Bendigo TAFE Staff
Campus tours

Rooms E2.02 and E2.03
Quiet break out space for delegates to catch up on work, check emails, make phone calls etc

At Bendigo TAFE we welcome students to join us in any stage of their learning journey - whatever their age, background or career aspirations. Our course content is designed to deliver practical and industry relevant skills that help get them into the workforce faster, upgrade their existing skills or prepare them for further study.

We collaborate with industry leaders to ensure our courses are relevant and up to date with the latest workplace practices.

Bendigo TAFE received 60-million-dollars from the government to fund a new campus that was recently completed in 2021. Two new buildings were introduced, and existing heritage buildings were refurbished to create a vibrant and modern learning and interactive space for students, staff and the community.

The new Bendigo City Campus features a prominent, easy-to-find front door for the campus, on Hargreaves Street in Building G. It is an inviting Learning Hub, a one-stop-shop for learning

and student support, with collaborative spaces for informal and formal training. There has also been enhanced disabled access and amenities along with inviting landscaping.

Our student showcase is being held in our upgraded buildings:

Building E the new home of hospitality, cookery, barista and bakery training. It also houses a new café and restaurant.

Building G a new building that houses the new spaces of hair and beauty, recruitment, and enrolment. It also boasts the new library space and main entrance.

BENDIGO TAFE STUDENT SHOWCASE

2.30pm - 4.30pm | Thursday 25th August

Delegate wellbeing sessions

Friday 26th August

6am sharp - Join Bendigo Kangan Institute's Chief Experience and Growth Officer Dave Richardson on a morning cycle around Bendigo. Catering for moderate to advanced riders (25-32km hr avg speed). You will need to bring your own bike and cycling gear.

Meet: Fountain, Pall Mall (Rosalind Park Corner)

Duration: 1 hour

7am - Join Bendigo Kangan Institute's CEO Sally Curtain on a morning walk around Rosalind Park.

Meet: Fountain, Pall Mall (Rosalind Park Corner)

Duration: Approx 30 mins.

To register for these events please email events@bendigotafe.edu.au

HAIR, BARBERING, BEAUTY & CREATIVE

Our students study to be the best, in our new state-of-the-art beauty facilities in the heart of Bendigo city. Learning from industry experts in eyelash extensions, make-up techniques, facial and body waxing, manicure and pedicure, spray tanning, salon and client communication skills.

MASSAGES – A quick hand or foot massage demonstration with one of our current beauty therapy students complete with a mini-manicure.

Location: Building G, Level 3, Spa Salon

Highlighted Course: Diploma of Beauty Therapy | SHB50115

HAIR STYLING – Demonstration of express glamour styling sessions.

Location: Building G, Level 1, Hairdressing Salon

Highlighted Course: Certificate III in Hairdressing | SHB30416

BARBERING – Demonstration of a relaxing men's hot towel treatment. Placing a hot towel on your face opens the pores, softens the skin, and smooths out the hair. Complete the treatment with a beard trim.

Location: Building G, Level 1, Barbering Salon

Course: Certificate III in Barbering | SHB30516

INDIGENOUS EDUCATION

The Indigenous Education Centres (IEC) at our Bendigo and Echuca campuses are innovative environments that foster and promote Indigenous learning, while supporting Indigenous students undertaking study and training in a wide array of courses across the institute.

Join members of the Reconciliation Committee share the importance their work while creating jewellery on leather twine with traditional emu feather and wooden beads or partake in painting clap sticks.

Most traditional clapsticks are often made from the hard wood of a eucalyptus tree, native to Australia. The clapsticks serve to maintain rhythm in Aboriginal voice chants. Unlike drumsticks, which are generally used to strike a drum, clapsticks are intended for striking one stick on another. They are often used in ceremonies and dance.

Location: Building G, Ground floor

Highlighted Course: Certificate II in Aboriginal and/or Torres Strait Islander Cultural Arts | CUA20420

HEALTH

Studying Ageing, Home and Community reflects the role of workers in the community and/or residential setting who follow an individualised plan to provide person-centred support to people who may require support due to ageing, disability or other reasons. Work involves using discretion and judgement in relation to individual support as well as taking responsibility for own outputs.

In this exercise we will involve participants in an abridged version of the "Walk with me" exercise that the health team use with students in the classroom to help to understand the effects of dementia.

The purpose of the exercise is to create empathy and understanding in the student as to how the way we interact and engage, can have a positive, or conversely, a very negative impact and outcome for the client.

Location: Building G, Ground Floor

Highlighted Course: Certificate III in Individual Support (Ageing, Home and Community) | CHC33015

HOSPITALITY

Bendigo TAFE hospitality courses provide participants with skills, knowledge and experience in practical food production, hygiene, menu costing, OHS, teamwork and basic nutrition. Graduates are qualified to enter careers in hospitality establishments, including hotels, motels, and bistros.

Using discretion and judgement, students work with some independence and under limited supervision using plans, policies and procedures to guide work activities. Our Commercial Cookery qualification provides a pathway to work as a commercial cook in organisations such as restaurants, hotels, clubs, pubs, cafes, and coffee shops.

Showcasing our commercial kitchen facilities participants will be able to partake in a hands-on activity of preparing rice paper rolls while our hospitality team share the fundamental skills required to succeed in a career in hospitality.

Location: Building E, Ground Floor Restaurant

Highlighted Course: Certificate III in Commercial Cookery | SIT30816

EARLY CHILDHOOD EDUCATION & TRAINING

The Certificate III in Early Childhood Education and Care provides students with an understanding of supporting children's well-being, learning and development, as well as the legal and ethical requirements of caring for and educating children.

The Health and Community Centre of Excellence team will showcase an early childhood simulation lab to demonstrate the importance to child development when children learn through hands on play. Through this style of learning children develop skills in literacy and numeracy while creating an inclusive environment. Offering open-ended materials allows children to explore and create their own patterns of learning.

Location: Building G, Ground Floor

Highlighted Course: Certificate III in Early Childhood Education and Care | CHC30113
